

BIOPELLETS™

7-4-1

100% NATURAL

Concentrated Nutrition for Annuals, Perennials,
House plants and vegetables.

DIRECTIONS:

Houseplants/potted plants: apply 4 pellets for every 6 inch diameter of pot size (increase dose with 1 Biopellet per every additional inch in pot diameter). In separate areas, poke holes in soil with pencil (0.5 inch) deep and slightly away from roots), drop in pellets, cover and water thoroughly.

Annuals, perennials and vegetable plants: drop 2-3 Biopellets in soil when transplanting smaller plants into pots or garden. Use 4-5 pellets for larger plants.

Vegetable Garden: Place 1 Biopellet in furrow with seed every 6 inches. Reapply every 8 to 10 weeks.
